| 4. Instructions for Consumption and Serving Suggestions |   |  |  |
|   | team Oven:  |  |  |
| Vegetable   |   |  |  |

|   | 1. Cover plate with plastic wrap or a cover and thaw product slowly under                                 |
|---|---|
|   | refrigerated conditions (4°C), This can be done overnight or 3 hours prior                                |
|   | to heating.   |
|   | 2. Place the plate on steamer racks and oven on "steam" setting.  |
|   | 3. Heat Product through for 8-10 min or until it the core temp is >75°C.                                  |
|   | 4. Remove plastic wrap or cover before serving.   |
|   | 5. Serve with gravy/sauce and mashed potato/starch accompaniment.   |
|   | For Dry Heat e.g. Burlodge:   |
|   | <ol> <li>Using a spray bottle filled with water, spray the plate with 1-3 sprays of<br/>water.</li> </ol> |
|   | 2. Cover the plate with suitable oven-proof wrap or a cover. Keep product frozen until heating.           |
|   | 3. Place the covered plate in the oven or Burlodge tray system.   |
|   | 4. Heat Product through or until it the core temp is >75°C. Each heating                                  |
|   | system will vary.   |
|   | 5. Remove wrap or cover before serving.   |
|   | 6. Serve with gravy/sauce and mashed potato/starch accompaniment.   |
|   | For Home Microwave, plated and covered with glad wrap:  |
|   | Cover plate with plastic wrap or a cover and thaw product slowly under                                    |
|   | refrigerated conditions (4°C), This can be done overnight or 3 hours prior                                |
|   | to heating.   |
|   | <ol> <li>Place a glass of water in the microwave with the plate.</li> </ol>                               |
|   | 3. Heat on high for 1 min 30 secs or until the product is heated right                                    |
|   | through. Each microwave will vary.  |
|   | 4. Remove wrap or cover before serving.   |
|   | 5. Serve with gravy/sauce and mashed potato/starch accompaniment.   |
|   | Home user/ Main Meal Pre-plated Meal  |
|   | Plate Frozen Products And Cover With Cling Wrap/cover. No need to unwrap                                  |
|   | pre-plated meal.  |
|   | Defrost Approx. 4 Hours Or In The Fridge Overnight.   |
|   | COMMERCIAL: Preset Oven To Steam For 5 Minutes. Place The Covered Plate                                   |
|   |   |
|   | In The Oven. Heat Through For 9-11 Minutes. Remove The Plate From The                                     |
|   | Oven. Carefully Remove Cling Wrap/cover As Steam Can Burn. Add  |
|   | Sauce/gravy And Serve.  |
|   | MICROWAVE: Place A Cup Of Water In The Microwave. Heat The Covered  |
|   | Thawed Meal For 1-3 Minutes On High (heating Time Will Vary With  |
|   | Microwaves). Remove The Plate From The Microwave And Remove The Cling                                     |
|   | Wrap/cover To Avoid Burning. Add Sauce/gravy And Serve. Enjoy!  |
|   | Meals on Wheels Container   |
|   | Thaw in the fridge (best done overnight).   |
|   | 2. Place the meal in the microwave, covered. Heat for 3 ½ to 4 minutes on                                 |
|   | high.   |
|   | 3. Alternatively, remove the frozen meal from the package, place it on your                               |
|   | plate and cover it with microwave-safe plastic wrap. Heat for 2 ½   |
|   | minutes on high with a glass of water placed in the microwave to create                                   |
|   | steam.  |
|   | 4. Each microwave is different, so check that the meal is piping hot and                                  |
|   | heated right through.   |
| Î | 5. Use oven gloves to remove the container or plate from the microwave.                                   |

|   | 6. Carefully remove the lid or plastic wrap, as the steam is hot. Enjoy your meal. |                                  |                        |                       |  |
|---|--|----------------------------------|------------------------|-----------------------|--|
|   | 1  |                                  |                        |                       |  |
| _   | 7. Note: Heating from a thawed meal provides the best results.                     |                                  |                        |                       |  |
|   | Sauce (individually packaged)  |                                  |                        |                       |  |
|   | 1.   | Sauce can be heated from frozen. |                        |                       |  |
|   | 2. Place a cup of water in the microwave with the sauce. This pro                  |                                  |                        | sauce. This provides  |  |
|   | additional moisture and steam.   |                                  |                        |                       |  |
|   | 3. Place the sauce package in the microwave and heat on high for 2 ½               |                                  |                        | heat on high for 2 ½  |  |
|   | minutes.   |                                  |                        |                       |  |
|   | 4. Open the sauce package carefully and pour over the meal.                        |                                  |                        | er the meal.          |  |
| ☐ Biscuits /  | Remove from packaging. Place frozen items on the serving plate.                    |                                  |                        |                       |  |
| Cakes/ Fruit  | 1. Cover the plate with plastic wrap or a cover and thaw the product slowly        |                                  |                        |                       |  |
|   | under refrigerated conditions (4°C), This can be done overnight or 1-3             |                                  |                        |                       |  |
|   | hours before serving. Biscuits will take a shorter time to thaw compared           |                                  |                        |                       |  |
|   | to the cakes.  |                                  |                        | ,                     |  |
