1. General Informa	ntion			
Product Name	Mustard Sauce MODERATELY THICK			
Texture	☐ Pureed (Level 4) ☐ Minced & Moist (Level 5)			
	☐ Soft and Bite-sized			
Fluid Consistency	(Level 6)  ⊠ Moderately Thick (Level 3)			
Supplier Information	Textured Concept Foods Pty Ltd			
	91 Mason Street, Campbellfield, VIC 3061			
	Enquires made in writing to: <a href="mailto:info@texturedconceptfoods.com.au">info@texturedconceptfoods.com.au</a>			
	Website: www.texturedconceptfoods.com.au			
	Contact: Darren Benfell			
	Tel: +61 (03) 9357 6007			
Country of Origin	Textured Concept Foods is manufactured in Melbourne, Australia.			
	Products are made from local and imported ingredients.			
	This is a proudly Australian-owned and Operated Company.			
ID & Traceability	Use by Date (DD/MM/YY) located on the plastic bag.			
	Product Code.			
2. Product Characteristics				
Fresh ingredients are cooked and processed to the corre				
	The mixture is moulded to resemble the original and recognisable food.			
	The product is blast frozen to maintain a high quality.			
	The product is packaged in a freezer-safe container and vacuum-sealed in a resealable bag.			
	This product resembles mustard sauce, smooth and thick.			
	The product is handmade, and weights may vary with each item.			
	Random allergen risk testing is undertaken. Labels are PEAL compliant.			
	The production kitchen is HACCP Certified.			
IDDSI	Gravy/Sauce tested to meet <i>Moderately Thick Level 3</i> at the time of			
	production.			
	IDDSI testing at the point of service is recommended to ensure the			
	product meets the IDDSI guideline testing criteria.			
	IDDSI testing is conducted in-house using the IDDSI audit criteria. A			
	qualified consultant Speech pathologist audits products annually when			
	recipe formulations are adjusted, or new products are developed.

Wrap/cover To Avoid Burning. Add Sauce/gravy And Serve. Enjoy!	Microwayes) Pemoye The Plate From The Microwaye And Pemoye The Cling						
Meals on Wheels Container   1. Thaw in the fridge (best done overnight).   2. Place the meal in the microwave, covered. Heat for 3 ½ to 4 minutes on high.   3. Alternatively, remove the frozen meal from the package, place it on your plate and cover it with microwave-safe plastic wrap. Heat for 2 ½ minutes on high with a glass of water placed in the microwave to create steam.   4. Each microwave is different, so check that the meal is piping hot and heated right through.   5. Use oven gloves to remove the container or plate from the microwave.   6. Carefully remove the lid or plastic wrap, as the steam is hot. Enjoy your meal.   7. Note: Heating from a thawed meal provides the best results.   Sauce (individually packaged)   1. Sauce can be heated from frozen.   2. Place a cup of water in the microwave with the sauce. This provides additional moisture and steam.   3. Place the sauce package in the microwave and heat on high for 2 ½ minutes.   4. Open the sauce package carefully and pour over the meal.   Biscuits / Cakes/ Fruit   1. Cover the plate with plastic wrap or a cover and thaw the product slowly under refrigerated conditions (4°C), This can be done overnight or 1-3 hours before serving. Biscuits will take a shorter time to thaw compared to the cakes.   2. Garnish with cream, yoghurt, custard, ice cream.   5. Microbiological Criteria Random Monthly Testing includes:   Std Plate Count   Coagulase Positive   Coliforms <100cfu/g   Escherichia Coli <3MPN/g		Microwaves).
