1. General Inform			
Troduct Name	Traditional Brown Gravy MODERATELY THICK		
Texture	☐ Pureed (Level 4) ☐ Minced & Moist (Level 5)		
	☐ Soft and Bite-sized		
	(Level 6)		
Fluid Consistency			
Supplier Information	Textured Concept Foods Pty Ltd		
	91 Mason Street, Campbellfield, VIC 3061		
	Enquires made in writing to: info@texturedconceptfoods.com.au		
	Website: www.texturedconceptfoods.com.au		
	Contact: Darren Benfell		
	Tel: +61 (03) 9357 6007		
Country of Origin	Textured Concept Foods is manufactured in Melbourne, Australia.		
	Products are made from local and imported ingredients.		
	This is a proudly Australian-owned and Operated Company.		
ID & Traceability	Use by Date (DD/MM/YY) located on the plastic bag.		
	Product Code.		
2. Product Charac	cteristics		
	Fresh ingredients are cooked and processed to the correct consistency.		
	The mixture is moulded to resemble the original and recognisable food		
	The product is blast frozen to maintain a high quality.		
	The product is packaged in a freezer-safe container and vacuum-sealed		
	in a resealable bag.		
海绵精液测量			
	This product resembles traditional brown gravy.		
	The product is handmade, and weights may vary with each item.		
	Random allergen risk testing is undertaken. Labels are PEAL compliant.		
	The production kitchen is HACCP Certified.		
IDDSI	Gravy/Sauce tested to meet <i>Moderately Thick Level 3</i> at the time of		
וכטטו	production.		
	production.		
	IDDSI testing at the point of service is recommended to ensure the		
	product meets the IDDSI guideline testing criteria.		
	IDDSI testing is conducted in-house using the IDDSI audit criteria. A		
	qualified consultant Speech pathologist audits products annually when		
	recipe formulations are adjusted, or new products are developed.

	HACCP standards is conducted between each product and within each		
	batch run as required.		
	or Consumption and Serving Suggestions		
· · ·	or Steam Oven:		
Vegetable	1. Cover plate with plastic wrap or a cover and thaw product slowly under		
	refrigerated conditions (4°C), This can be done overnight or 3 hours prior		
	to heating.		
	2. Place the plate on steamer racks and oven on "steam" setting.		
	3. Heat Product through for 8-10 min or until it the core temp is >75°C.		
	4. Remove plastic wrap or cover before serving.		
	5. Serve with gravy/sauce and mashed potato/starch accompaniment.		
- F	or Dry Heat e.g. Burlodge:		
	 Using a spray bottle filled with water, spray the plate with 1-3 sprays of water. 		
	2. Cover the plate with suitable oven-proof wrap or a cover. Keep product		
	frozen until heating.		
	3. Place the covered plate in the oven or Burlodge tray system.		
	Heat Product through or until it the core temp is >75°C. Each heating		
	system will vary.		
	5. Remove wrap or cover before serving.		
	6. Serve with gravy/sauce and mashed potato/starch accompaniment.		
□ F-	or Home Microwave, plated and covered with glad wrap:		
	Cover plate with plastic wrap or a cover and thaw product slowly under		
	refrigerated conditions (4°C), This can be done overnight or 3 hours prior		
	to heating.		
	2. Place a glass of water in the microwave with the plate.		
	3. Heat on high for 1 min 30 secs or until the product is heated right		
	through. Each microwave will vary.		
	4. Remove wrap or cover before serving.		
	5. Serve with gravy/sauce and mashed potato/starch accompaniment.
