## 4. Instructions for Consumption and Serving Suggestions

### Storage and Defrosting

All TCF products must be stored frozen at or below -18°C until use.

Defrost using one of the following safe methods:

- Overnight in the refrigerator (preferred) – covered, for a minimum of 6 hours.
  - Bench thawing (short-term) – covered, for a maximum of 2 hours at room temperature.
- Do not refreeze products once thawed.

**Heating will vary with plating, equipment and heating process. In general, our products are best heated with a moist environment with a gentle heat. Products are designed to be served with a sauce/gravy for additional moistness and flavour. The following are suggested heating instructions. Textured Concept Foods team will be happy to assist with your heating product in your specific kitchen environment.**

☐ **Meat / Vegetable**
